## HOW WE DO

### INTERACTION

Interaction phase, in this phase we interact with the customer and understand the details of the car maintenance, previous detailing history, if any etc. this helps us to identify any pain-points or specific concerns customer has.

### INSPECTION

Second phase is inspection phase, we do a complete physical check on the vehicle to assess the issues and condition of the vehicle. we also check the thickness of the paint using paint thickness gauge to ensure best results.

### PLANNING

Planning phase will be the third phase and we choose our strategy for that particular vehicle. we do a test-spot first to finalize the strategy and always follow a bottom-up approach.

### EXECUTION

Considering previous steps we execute the work to be done with our state of art setup and skilled craftsman and make sure everything is done to perfection.

# PAINT PROTECTION FILM

Say Hello to shiny & safeguarded hoods & rocker panels with Paint Protection Films! Also known as, PPF, it acts like your car's second skin to preserve its original texture & finish.

## What is PPF ?

PPF is a polyurethane film. Once applied, it syncs seamlessly with the surface and guards your car against inevitable paint chip off resulting from small debris hits or other environmental factors. To ensure a precise fit and unsurpassed protection, we wrap your cars with A-grade PPFs.

## Benefits of PPF :

- Advanced self-healing properties heals swirls with heat
- High Gloss Surface
- Stain, Scuff, and Corrosion Resistance
- Clear and Invisible Protection

## SMARTEN

We believe that everyone has an emotional connection with their rides. An intent to embody this bond gave birth to our third strategy – SMARTEN. Though most individuals have a bike or car in India, our Hilife's custom touch guarantee that no one has one like yours!

Having the right car accessories for your specific vehicle can certainly make all the difference to your safety and comfort. If you're looking to spice up your ride's interior or exterior, then we have a wide range of products to consider.

It doesn't really matter whether the products you buy are functional or purely for aesthetic reasons, finding high-quality auto accessories is a real treat. In fact, sometimes you can even make an old ride feel completely brand new with a few tweaks here and there. If you're looking to dress up your car with some of the coolest and most useful car products out there, look no further than our lineup of offers. At the end of the day, the automobile aftermarket makes replacement parts and accessories that can improve and enhance your car in thousands of different ways.
